

THE MOST COMPACT ELECTRIC RIDERS ON THE MARKET

V. MARIOTTI®
SINCE 1920

INTRODUCING THE NEW LINE OF MARIOTTI "AC" FORKLIFTS!

At widths as narrow as 31" and heights as low as 75", Mariotti forklifts can drive through a standard door opening, maneuver elevators, navigate the narrowest aisles and still deliver a heavy payload.

Small size — BIG solutions!

- Most compact sit down rider on the market - works in tight spaces where no other lift truck can operate
- Capacities range from 750lbs - 2,300lbs
- Mast heights from 113in to 224in

Standard Features:

- Integral side shift
- Rack & pinion power steering
- Amber strobe light & back up alarm
- Hydraulic brakes

Other Options:

- Single rear wheel or dual front wheel drive
- Electronic curve speed control (CSC)
- CAN-bus technology
